UI/UX Lab – Experiment -2

Redesigning the Canteen Menu

Aim:

To redesign Canteen Menu to increase the ease of use and ease of functionality (Grid and Menu Views)
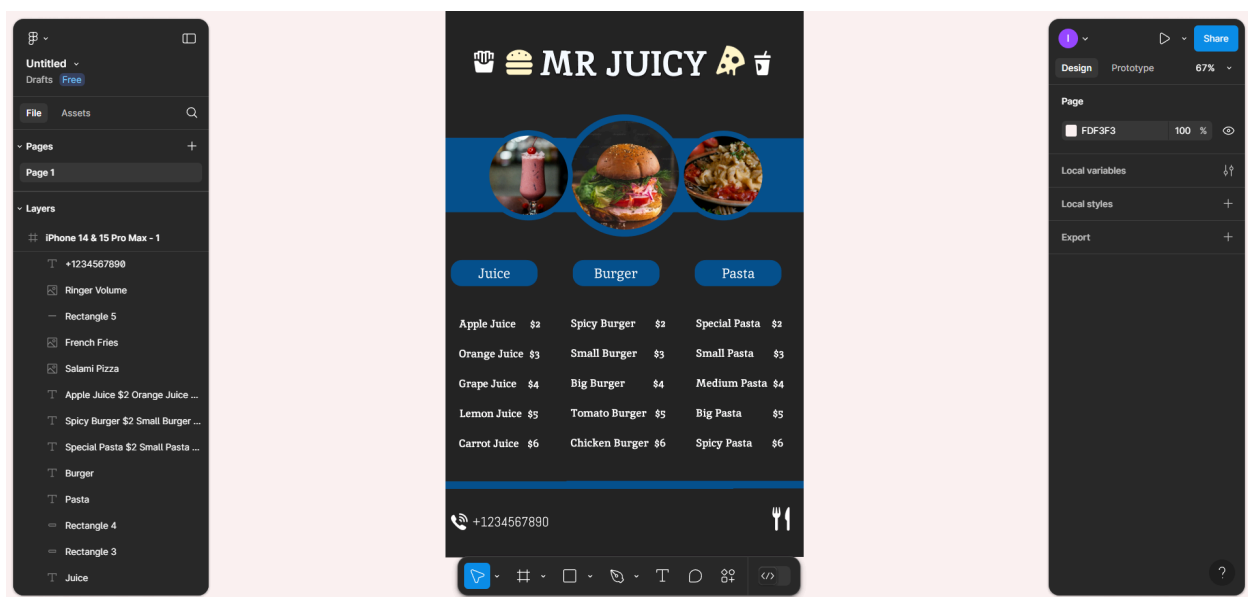

Procedure:

Step 1: Create a Blank Canvas for the Canteen Menu

Step 2: Provide the Background Color for the Canvas

Step 3: Add the Menu page

Step 4: Add the images of the food items and its name

Step 5: Place them in the canvas based on their category

Result:

Therefore the UI of Canteen Menu is done and verified
